Based at:	London/Multiple Sites
Hours of work	8am to 5pm
Reporting to:	Contracts Managers & Operations Manager
Direct Report(s)	None
Working Relationships:	Clients, Colleagues & Suppliers
Job Summary	Installation of Various Electrical Works

## About Us

Established in 1759, Sykes & Son Limited is the UK's oldest independent building contractor. Trading for over 260 years, Sykes has evolved from a small specialist contractor – a glazier, plumber, decorator, and small builder – into a medium sized, multi-discipline contractor with an annual turnover of £30m.

The company has three main workstreams: Building, Mechanical & Electrical and Maintenance. This diversity of self-delivered services allows us to offer a “one stop shop” solution to our clients. Furthermore, we have the flexibility to carry out minor works through to multi-million-pound projects.

We are incredibly proud of the part that we have played in restoring, building, refurbishing, and maintaining our capital's heritage over the years. From royal palaces to world renowned museums, galleries, and universities, we continue to forge long-term working relationships at London's finest buildings.

## Role Summary & Purpose

With a focus on Commercial and Residential projects, the successful candidate will be working in high profile occupied buildings and will be expected to have an excellent working knowledge of different electrical installations.

Uses a working knowledge of electrical systems including Wiring, Containment, fault-finding on existing systems. Installs new electrical systems, including lighting and small power, to customer standards and to maintain those systems while upholding safety guidelines and complying with codes and regulations.

This role will suit a client facing electrician with good technical skills. The individual must have excellent communication skills, both verbal and written; be a good team player and able to demonstrate reliability, flexibility, and initiative.

### Key Responsibilities and Duties

- Install electrical systems to 18th edition wiring regulations.
- Undertake site surveys, either alone or with the clients to establish their requirements.
- Provide information from surveys to Contracts managers.
- Provide professional assessments to the Contracts managers and clients.
- Possess a working knowledge of lighting control systems such as Dali and Exor.
- Possess working knowledge of IEE regulations, City & Guilds 2360 and 2382 qualifications, and inspection and testing certificate (2391).
- Demonstrate familiarity with NICEIC requirements.
- Have a passion for producing good standards of work to ensure repeat business.

### Business Development

- To develop client relationships with existing customers.
- To identify issues that can be highlighted to the client.
